32_MMBX-50-0-15

A "blind" assembly of the two PCB's is not possible. We recommend a manual lead-in or an additional mechanical guidance.

MMBX application instructions are available at www.hubersuhner.com or from your local HUBER+SUHNER sales representative

Radial and axial working range

The radial and axial working range is the maximum misalignment that allows a sufficient electrical and mechanical connection.
